Art:

Draw On!

with the Aldrich Museum

There are several ways for you to enjoy the *Draw On!* celebration at the Library. Artist Elizabeth Duffy has created an original work based on the history of Ridgefield, using various types of local maps to trace the origins of the town's founders. You can see Duffy's work at the Aldrich, of course, but you can also see some of her work at the Ridgefield Library. There are two pieces of her art - large window decals - on the front of the Library. Now that Spring has sprung, why not take a walk down Main Street and enjoy the view?

The Library is also creating our own map-based art project, and we need your help. Library Assistant Diana Messer painted a map of the town on the windows of the Storytime Sculpture Room, and we are encouraging patrons to use the paper we are providing to draw their favorite places in Town.
