It's the Journey That Counts with Daryl Hawk

International documentary photographer and explorer Daryl Hawk will present a slide show and lecture entitled *It's the Journey that Counts*. He will bring the audience along

with him for an unforgettable, visually stunning journey throughout North America, Central America, South America, Patagonia, Antarctica, New Zealand, and culminating in the hidden away Himalayan kingdom of Bhutan.

For the past 25 years Mr. Hawk has traveled alone to some of the most remote and isolated places in the world telling stories with his camera. He spends weeks at a time immersing himself in, and documenting, the different cultures and landscapes. He will share some of his more memorable stories as well as the important lessons he has learned on the back roads of the world.

Hawk is also a travel writer and lecturer whose articles and photographs often appear in magazines and newspapers worldwide. He has been featured several times on NBC's Today Show and Fox 5 television. He is a member of the Explorers Club and a fellow of the Royal Geographical Society. Additionally, he has published two books of photography.

Hawk is also the producer and host of the Cablevision television show *The Unconventional Traveler*, which features some of the world's leading explorers, travel photographers and filmmakers sharing their work from various expeditions and documentaries. The show can be seen every Tuesday night at 9 PM on channel 77. He has produced over 100 shows in the last 10 years.
